

## Nomad Inc Heli Snowmobile/Skiing Winter 19/20

### Heli-Snowmobile Adventure

The day begins at your accommodation's in Aspen, Vail or Telluride. The quick Scenic helicopter ride to the remote Electric Mountain Lodge is breathtaking. The lodge is located at the gateway to the Grand Mesa National Forest at 9200' and offers access to over 300,000 acres of multi-use forest.

We offer both guided and unguided snowmobiling. If you are new to snowmobiling having a guide is strongly suggested. We offer both single rider powder sleds as well as double rider trail sleds. The day consists of 4-5 hours of adventure with lunch included. If you are spending the night at the lodge the snowmobile time is unlimited.

### Heli-Skiing/Snowboarding

Add a day of heli-skiing for the ultimate Colorado powder experience! Enjoy the best skiing and riding that Colorado has to offer. Ski/ride between 10k-14k of Colorado powder in the San Juan Mountains. The day includes all helicopter transfers, powder skis, guides, food and water.

Skier/Riders should be advanced intermediates and be able to ski groomed black runs with fresh powder on them and be at a reasonably good cardiovascular fitness level.

### Lodging options

#### Cabins 1-3

Cabins 1 through 3 are our family-sized, rustic, comfortable and spacious cabins that sleep 6-8 people. The cabins have two private bedrooms with king-sized beds, and a loft that sleeps four. The rooms can be set up in various combinations of eight twin-sized beds to four king-sized beds. The living room and kitchen-area have a TV for DVDs, a microwave, and coffee maker. The unit also contains a full bathroom with a shower
